**Charles Mitchell Ford
U.S. Army Engineering
and Support Center, Huntsville**

Mr. Charles M. Ford is the Deputy for Programs and Technical Management at the U.S. Army Engineering and Support Center, Huntsville in Huntsville, Ala.

Prior to this position Mr. Ford served in various positions at Huntsville to include the director of Installation Support and Programs Management and director of Chemical Demilitarization.

Ford's other Corps assignments include 10 years in Incirlik, Turkey, where he held successive positions as chief of Contract Administration Branch, project engineer, resident engineer and area engineer where he was responsible for managing all Corps of Engineers construction efforts with Turkey, Northern Italy, Northern Iraq and Cyprus. He also served a tour in Germany as the Corps' project manager for all medical clinics within Europe. He returned with his family to Alabama in 1996 to work at the Corps' Huntsville Center as a project manager in the Medical Facility Repair and Renewal program. Throughout his career, Mr. Ford has been assigned special projects including those in Krakow, Poland; Khelmenski, Ukraine; and Shchuch'ye, Russia.

Mr. Ford served in the U.S. Army as a captain from 1978 to April 1983. He attended Auburn University where he received his master's degree in Civil Engineering, Geotechnical in 1978, and a bachelor's degree in Civil Engineering in 1976.

Mr. Ford is a Professional Engineer, Project Management Professional, and a Defense Acquisition Corps member.
