**PROFESSIONAL SECURITY / FACILITY MANAGEMENT SERVICES LABOR DESCRIPTIONS  
SIN 246-52**

Commercial Job Title:	<b>Subject Matter Expert</b>
Minimum/ General Experience:	This position requires minimum of 5-10 years of related functional experience.
Functional Responsibilities:	The primary responsibilities will include assisting the customer in analyzing the needs and determining functional requirements. S/he will analyze and identify functional requirements and tasks associated with each function. S/he will determine the interrelationship between each task and the resources required to accomplish each task and therefore each function. S/he may also be required to conduct feasibility studies for each function and its operational value, evaluate optimal methods of performance, and conduct site surveys and interviews. S/he must have excellent written and oral communication skills.
Minimum Education:	Minimum Bachelor's degree in related field with 12 years experience or (Master 's degree with 5-10 years of related experience).
Commercial Job Title:	<b>Senior Project Manager</b>
Minimum/General Experience:	This position requires minimum of 5-9 years of related experience.
Functional Responsibilities:	The responsibilities include planning, directing, coordinating all the work activities of engineering and technical staff, analysis of market survey data, and quality control. S/he will be responsible for formulating and enforcing work standards, and assigning, scheduling and reviewing work. S/he disseminates policies, purposes, and goals of the organization to subordinates.
Minimum Education:	Minimum Bachelor's degree with 10 years experience or Master's degree with 8 years of related experience.
Commercial Job Title:	<b>Project Manager/Project Engineer Level IV</b>
Minimum/General Experience:	This position requires minimum of 6 years of related experience.
Functional Responsibilities:	The Project Manger/Project Engineer level IV is highly experienced project manager/project engineer who will provide guidance and technical expertise in addition to managing the large scale projects. S/he will organize and assign responsibilities to subordinates and oversee the successful completion of all assigned tasks.
Minimum Education:	Minimum Bachelor's degree with 8 years of related experience or Master's degree with 6 years of related experience.
Commercial Job Title:	<b>Site Superintendent/Foreman</b>
Minimum/General Experience:	This position requires minimum of 5 years experience.
Functional Responsibilities:	Site Superintendent will manage and supervise personnel involved in all aspects of project activity on-site. S/he will be the on-site point of contact for customer. S/he will be responsible for monitoring schedules, progress, problems or any other on-site issues. S/he will document daily progress, schedule deliveries and pickups. S/he will supervise and coordinate on-site crews, attend required on-site project meetings, and assist on-site crew with installation.
Minimum Education:	High School with 5 years of industry experience, 3 years in Construction Management.

Commercial Job Title:	<b>Senior Fence Installer/Equipment Operator</b>
Minimum/General Experience:	This position requires minimum of 4 years of related experience.
Functional Responsibilities:	Senior Fence Installer directs and assists fence crews for safe and specified installation. S/he provides supervision and guidance for the installation technicians. S/he also coordinates all activities with the Superintendent/Foreman and assists Site Superintendent. In absence of Site Superintendent s/he acts on his/her behalf. S/he operates equipment such as: Skid steer loader, Forklifts and Scissors Lifts. S/he will also be the appointed Safety Officer, if required by the project.
Minimum Education:	High School with 3 years of industry experience and 1 year of Construction Management experience.

Commercial Job Title:	<b>Fence Installer</b>
Minimum/General Experience:	This position requires minimum of 3 years of related experience.
Functional Responsibilities:	Fence Installer is an experienced technician responsible for the execution of the task assigned to him/her by the Senior Fence Installer. S/he will operate small hand and power tools, electric or gasoline such as: Saws, drills, air compressors and generators. S/he will install fencing with such tasks as Excavating postholes, stretching chainlink fabric, and installing razor ribbon, off load materials and equipment.
Minimum Education:	High School with 2 years of industry experience.

Commercial Job Title:	<b>Electrician</b>
Minimum/General Experience:	This position requires minimum of 5 years of related experience.
Functional Responsibilities:	The electrician is responsible for installing cable support systems to include cable trays, ladder racks, j-hooks and Bridle/D-rings. S/he will pull Backbone cable-Bottom up or top down, along path parallel to floor and ceiling, pull horizontal cable-in conduit, in open ceiling, and optical fiber cable in inner duct. S/he will organize, form, dress cables, determine length/slack, and label cables. S/he will complete IDC terminations and install Cross Connect blocks and Patch Panels. S/he will do end to end testing using tone test set and volt-ohm meter. S/he will diagnose open, shorted crossed and split pairs-active circuits.
Minimum Education:	This position requires minimum of High School with 5 years of related experience and knowledge of ANSI and National Electric Code. Requires an electrician/journeyman license.

Commercial Job Title:	<b>Security Technician</b>
Minimum/General Experience:	This position requires minimum of 4 years of related experience.
Functional Responsibilities:	The Security Technician is an experienced technician responsible for the execution of the task assigned to him/her by the Supervisor/Foreman. Security technician will install audio, video, security, CCTV, and life-safety equipment. S/he will install all cable and connectors related to the equipment.
