## Small businesses invited to discuss programs with Huntsville Center managers

**HUNTSVILLE, AL** – Registration is now open for the U.S. Army Engineering and Support Center’s annual Small Business Forum, Nov. 19, 9 a.m.-noon, at the University of Alabama, Huntsville, University Center.

This is a FREE event and an excellent opportunity for you to meet with program managers, contracting officials and subject matter experts to talk about the Center’s various programs and upcoming contracting opportunities. All you need to do is complete the form on the website and click on the submit button. In return, you will receive a registration confirmation message.

The Huntsville Center supports very specialized missions that require unique technical expertise in programs that are generally national or very broad in scope. The Center supports tasks that require a centralized management structure, integrated facilities or systems that cross geographic division boundaries; and tasks that require commonality, standardization, multiple-site adaptation or technology transfers. For more information about Huntsville Center programs, visit <http://www.hnd.usace.army.mil> and review the “Fact Sheets.”

The biggest procurement opportunities for small business concerns during FY-11 will be for design/build support for the following programs:

Ballistic Missile Defense Systems  
Electronic Security Systems  
Energy Conservation Investment

Medical Repair and Renewal  
Ranges

Pre-registration for the Small Business Forum is encouraged to help ensure appropriate representation of subject matter experts. Registration is free with information available on the Web at <http://www.hnd.usace.army.mil>, and by selecting “Small Business Programs Office” under “Contract with CEHNC.” If you have questions or comments, please send an e-mail to [sbo-hnc@usace.army.mil](mailto:sbo-hnc@usace.army.mil).
