## News Release

**Number: 03-02     Huntsville Engineering and Support Center Nominates Two Companies for the U.S. Small Business Prime Contractor of the Year Award for 2003**

**Date: January 22, 2003**

*Huntsville, Ala.*— The U.S. Army Engineering and Support Center, Huntsville has nominated two small businesses, Williams Electric Company and EOD Technology, for the U.S. Small Business Prime Contractor of the Year Award 2003.

Williams Electric Company is located in Fort Walton Beach Florida. Williams Electric has provided the Huntsville Engineering and Support Center with Electronic Control System Integrator and Installer services or products for the past 15 years.

EOD Technology, Inc., is located in Lenoir City, TN. Since 1987, this company has completed many ordnance and explosives projects for the Huntsville Center, both domestically and internationally.

In recognition of the small business community's contribution to the American economy and society, the President of the United States designated one week each year as National Small Business Week. This year, that week is June 1-7.

Leading up to that week, the U.S. Small Business Administration, in partnership with public and private sector small business supporters, cosponsors special events to honor and present awards to the nation's entrepreneurs and small business advocates at the SBA-district, state and national levels. The award winners from these local and state events are invited to Washington, D.C. for a National Small Business Conference and Trade Show in their honor. The Small Business Prime Contractor will be announced and honored at the Conference. Government officials, corporate leaders and small businesses from around the country will join them at the conference trade show.
