Corps of Engineers hosts students for mock munitions search

HUNTSVILLE, Ala. – The U.S. Army Engineering and Support Center, Huntsville, would like to invite you to its Adventures in Engineering Day activity at Redstone Arsenal on Sept. 24.

Who: Huntsville Center employees and more than 200 area 11th-grade students.

What: Huntsville Center will have the students use schondstedts, high-tech metal detectors, to simulate a search for buried military munitions Sept. 24 on Redstone Arsenal. This hands-on event is part of the 8th annual Adventures in Engineering Day.

Where: The activity will be on the Redstone Arsenal Activity field near Gate 10. Media escorts can be provided from Gate 10.

When: Wednesday Sept. 24, 9 -11 a.m. and 12:45 to 2 p.m.

Why: It is important to show local students what career opportunities are available in their own community and give them the chance to participate in hands-on activities.

If you are interested in attending, please call Becky Proaps at 256-895-1693 before the event or at 256-797-8179 on the day of the event.

* Please note that this particular part of Adventures in Engineering will be cancelled in the event of inclement weather.
